SUMMER CAMP

Bring the joy of horses and
horseback riding to your children!

Sign them up for our
Summer Camp Program Today!

Our weekly summer camp program creates an atmosphere where a special relationship forms between the children and the horses, where they learn to respect and admire these beautiful creatures.

They learn the basics of horse care, washing, grooming, feeding and education on equipment and enjoy horseback riding on the trails. Campers take a break during lunchtime in our air-conditioned and renovated Club House.

The program is a weekly program from 9am to 4pm, with a one-hour break in our newly renovated Club House, with views of riding arena.

Children must be between the ages of 8 and 15 years old. Cost of camp includes a bucket of horse care supplies and a helmet for each child for that week; however we recommend equestrian attire which will be available for sale in our tack shop attire includes your own helmet, riding pants, boots, chaps and a crop.

Our Mission is to grasp your child's love of horses, then create programs through riding and caring for horses that will improve their confidence & self esteem. Your child will experience responsibility in working as a team member. They will also learn how to set their own personal goals and create a plan for accomplishing those goals. Positive attitude and self confidence are created through accomplishments which will enable them to try new things and succeed in any endeavor.

Lesson Plans with goals are designed for body alignment, balance, leg pressures and seat weight in communicating with her assigned horse. This gives the student self confidence in accomplishment with every lesson. Horsemanship safety is always our top priority. Learn the safest way to work around horses. Professional instructors certified in their field of teaching riding in either Western or English.

Camp's Daily Field Trips

Ages are 8-13 no riding experience needed.

They learn the basics of horse care, washing, grooming, feeding and education on equipment and enjoy horseback riding lessons and daily trail rides on 775 acres overlooking a golf course and beautiful Hempstead lake.

Conveniently located on the South Shore of Nassau County we provide a safe place where children learn from each other as well as from our licensed teacher and trained dedicated staff on the basics of horseback riding and other equine activities.
